

S-OIL SEVEN MTF FX

PREMIUM MANUAL TRANSMISSION FLUID

Product Description

S-OIL SEVEN MTF FX is high performance transmission oil formulated with premium base oil. It is recommended for use front wheel drive gearboxes and transaxles of all passenger cars and vehicles requiring performance specification API GL-4.

Applications

- Front wheel drive gearboxes and transaxles of all passenger cars

Features and Potential Benefits

- Forms a stable lubricant film to prevent damage to the surface of parts
- Oxidation and thermal stability minimizes sludge, so it enhances the durability under various temperature
- Very high viscosity index ensures easy start-ability due to its extreme fluidity at low temperature and protects gears by forming very resistant oil film even at high operating temperature
- Good anti-wear and extreme pressure properties protect gears and synchromesh to ensure long life of critical parts
- Excellent anti-foaming, anti-rust and anti-corrosion
- This fluid has the advantage of smooth transition in gear shift

Performance Level

- API : GL-4
